| Welcome/Check-In (10 minutes) (continued) | Welcome, introduce self, and the purpose of the work together — to support our ability to be the professional we want to be and experience joy on a daily basis. Review the use of circles for our gatherings (why, equanimity of voice, and how, talking piece, pass or speak, popcorn, centerpiece and agreements).  
(Talking piece) **Share your name, how you are doing on a scale of 0 (fist) - 5 and a personal value you bring to the group.** |

| Grounding/Wellness Practice (5 minutes) | Today we are talking about compassion. To help us become present in the space we will take a moment to ground ourselves. Please place both feet on the floor, hands comfortably in your lap and take three slow and deep breaths. Think of one thing that you have on your mind that you’d be able to set aside in order to be present with us today. |

| Guiding Questions (25 minutes) | **Explain:** Compassion is defined in the toolkit as, “The awareness of someone else’s pain coupled with the desire to help in alleviating it.”  
1. (Paired conversation) Share an example of a time that you saw someone else’s pain in the work environment and had the desire to alleviate it. Please focus on the example and your desire and not what you did or didn’t do to alleviate it.  
2. (Popcorn) Share what you initially thought or felt when the scenario was read. (Step 2 – Self-check)  
3. Explain that when we listen for understanding, we are listening for two key things: the feelings the person is experiencing and any signs of the person’s strengths and/or ideas they already have for their next best steps. (Step 3 - Seek to Understand) |

| Guiding Questions (25 minutes) (continued) | 4. (Popcorn) What is an example of a way you can relate to the feelings of the person in the scenario from your experience of that same feeling? Remind the circle that empathy is not relating to the same situation, but to the same feeling. (Step 4 - Cultivate Empathy)  
5. (Talking piece) Avoiding giving advice is tough for most of us. Please answer one of these questions: What have you found to be helpful when you want to support someone to find their own solutions or ask for what they need from you? What have you found to be barriers? (Step 5 - Discern Best Action)  
6. (Talking piece) Distribute Moving from Empathy to Support Problem Solving handout. Give time to read and reflect. Ask: Which tip offered a solution to one of our barriers or offers you a new approach? |

Remind participants that throughout our time together we will also be learning new ways to protect ourselves from the type of compassionate action that drains our well-being and how to maintain consistency in our compassion.

| Putting it into Practice (5 minutes) | (Pair share) Reflecting back on the question at the beginning of the circle (share an example of a time that you saw someone else’s pain in the work environment and had the desire to alleviate it), what steps of compassionate action did you use/not use when you acted on your desire to alleviate pain? |

| Closing (5 minutes) | The steps to compassionate action require a strong awareness of self and others. Throughout the toolkit we will look at practices that help us develop this awareness. Our initial grounding activity was a short introduction to one practice that allows us to be more present, which helps us to be more aware of ourselves and others.  
(Talking piece) What is something you became aware of about yourself or others in this experience today?  
**Bonus Activity:** Handout for reflection between sessions An Invitation to Accept and Let Go of Resistance. |
